## Last year's ICE Weekends

In 2009, Guides from Girlguiding North East England took part in an International Community Experience Weekend, at Lincolnshire North and Robin Hole, Ilkley

This Weekend offered the girls a taste of what community action involves and helped them to recognise that Guiding is an international movement.

### What did they do?

- They looked at the Environment.
- Looked at the facilities in the town we were staying to compare with where we live
- Look at Disabled Access within Restaurants, hotels, Museums etc and provided a portfolio for Bradford City council of our findings.
- They took part in lots of exciting challenges and activities.
- Most importantly – they had F U N !!

### What else?

The girls who were interested in more Community Action went to Isle of Man in 2008. We worked on an environmental project organised by Andree Dubbeldam, manager of the Manx Wildlife Trust's "Wildflowers of Mann" project. We were to spend three days on a site in St John's creating and planting-up wildflower nursery beds, and wildflower meadows. This was part of a long-term project which uses the site as a centre for growing native wildflowers for the whole of the Isle of Man.
